Release Date: December 20, 2021

Rail Trailers (MLR-150, SPX-300, SPK-500 and SP-700)

The chrome wheel previously used on rail trailers has been discontinued by the manufacturer.

It will be replaced with a silver mod wheel. The silver mod wheel will not have a center cap, or acorn lug nuts. The painted axle hub will show through the center of the wheel and open lug nuts will be used.
