MSG	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
SEEDS cottonseed, sesame, poppy, sunflower, mustard (all forms)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	

** Grain based products may contain soy due to commingling. This unintentional cross-contact is the result of customary methods of growing and harvesting crops, as well as from the use of shared storage, transportation, or production equipment. FDA has ruled that FALCPA's labeling requirements do not apply to major food allergens that are unintentionally added to a food as the result of cross-contact. See: <http://www.cfsan.fda.gov/~dms/alrguid4.html>.

The above information is complete and accurate to the best of our knowledge. This information is based on our most current formulation and information supplied by our ingredient manufacturers at this time.
